

6th grade SUMMER reading

FISH IN A TREE

By Lynda Mullaly Hunt

Please read *Fish in a Tree* this summer. Once you have completed the novel, you will choose one of the three projects below to complete. Please bring these to school during our first week back. Happy reading!

SKETCHBOOK OF IMPOSSIBLE THINGS

Ally keeps a sketchbook of impossible things. Create your own notebook of impossible things. Get as creative as you can. You should have at least 10 pages with one impossible thing per page.

SELF PORTRAIT OF WHAT MAKES YOU SHINE

Create a self-portrait that highlights what makes you shine. You could use a collage style for this project or include drawings or symbols and items that represent you and what makes you shine. You could design the background to reflect where you feel you shine best.

MOTIVATIONAL POSTER

Use the themes and messages in *Fish in a Tree* to design a poster to motivate others to embrace their unique qualities that they bring to the world. Incorporate symbols and ideas from the book into your design.
