

ACADEMY TECHNOLOGY

Dear Parents and/or Guardians:

It is that time of year again, and summer refresh is right around the corner! During the last week of school, at a time determined by the advising teacher, students will turn in their school-issued devices and accessories for cleaning, repair, and updating. In August, devices will be issued back to the students.

A reminder that any non-Academy changes and installations will be wiped. Per the Acceptable Use Policy, not all repairs are covered under accidental damage (email me if you have questions regarding ADP). **Students need to save all work they want to keep in Google Drive since anything on their local drive will be deleted during the refresh process. All laptop bags must be clear of everything except the charger, laptop, and stylus.**

It is advised you ask your student if there is anything broken/missing with their laptop including, power adapters and styli. I try to get students to communicate with you all before receiving an email in your inbox regarding the charge on the FACTs account.

On the next page is a list of items that will be billed to the student(s) account if damaged or missing.

If you have any questions, please contact me via email at cspeirs@fwacademy.org.

Sincerely,

Cindy Speirs

Director of Technology

Office: 817.370.1191 Ext. 309
